

05 Bitter Tears

1.) I'm weeping bitter tears
Cause she drives me to despair
But I want to lean against her shoulder
Though my heart just cannot bear

2.) Many nights I find no sleep
Bitter tears are killing me
I dream about a port of love
But to hold on I'm much too weak

3.) Bitter tears, painful slowly
Wash away the love from me
Vultures circle cause they smell
My blood that's dripping out of me

4.) I try to stop weeping
Bitter tears of grief and pain
If I caught a little glimmer
Of hope I will love again
