

08 Home Of The Brave

1.) Carry on, don't hear what they say
Don't look back, when you're on your way
On the road to the home of the brave
Put 'em on, take your leather boots
Straight ahead, 'cause you need no roots
On the road to the home of the brave

R.) So won't you keep on swimming against the streams?
'Cause your heart is stronger, more than it seems
So won't you keep on holding tight to your dreams?
You are hard enough to sail the seven seas
To the home of the brave

2.) Move your lips, there's so much to say
Shout out truth, even when you pay
There's so much pain 'till the home of the brave
Reach yourself, leave your fears behind
There's a time and a place to find
Search for the door to the home of the brave
