

### 13 Homesick

1.) Once upon a time I was another kind of man  
A receiver for the good things and insensible to pain  
Now I'm homesick; I need to come back home to me  
The whole world is so unfair,  
Life's confusing everywhere  
I lost my faith

2.) I am drowned in cynicisms and in my pessimism  
Oh yeah, that are the rhythms it seems I'm swinging with 'em  
I am homesick; I need to come back home to me  
It was a fucking year;  
I wash with every sheded tear  
My sin from me

R.) I am homesick; I need to come back home to me  
I am homesick; I need to come back home to me  
I wanna burn like fire,  
Spend my life for my desire  
I need to come back home to me

3.) My future's like a ghost train,  
Can't look forward, only back  
No one loves me, I'm an unpopular sack  
I am homesick; I need to come back home to me
